Reel Buck/ 1220

A quick, easy and economical way to set up 18" and 22" strand reels and cable reels up to 54" in diameter. The foot and handle design holds the main frame up and away from irregular surfaces. The rugged steel tubing makes the Reel Buck tough enough for the construction site. The collapsible frame features an arbor retainer that uses quick release pins that are also used when the reel is loaded. The Reel Buck is 35" high, 64" long and has a capacity of 850 lbs. Wt. 60 lbs.
